A black folding knife with a silver blade is shown next to its black sheath, which has a logo. They are resting on a weathered, grey tree stump. Green pine needles are visible on the left side of the frame.

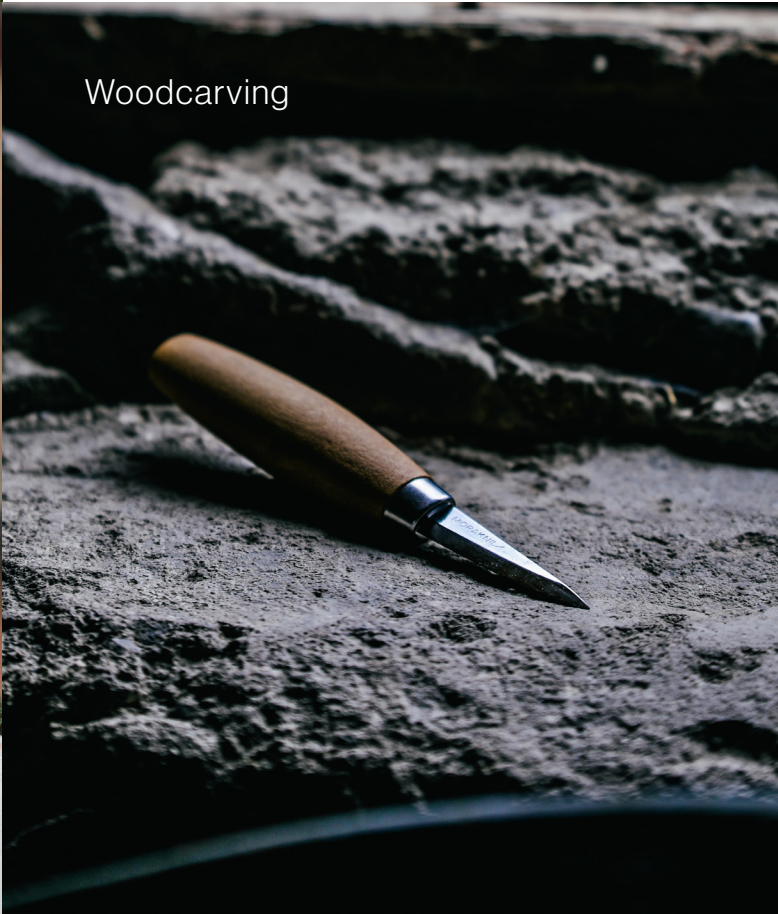

Outdoor

Explore our range

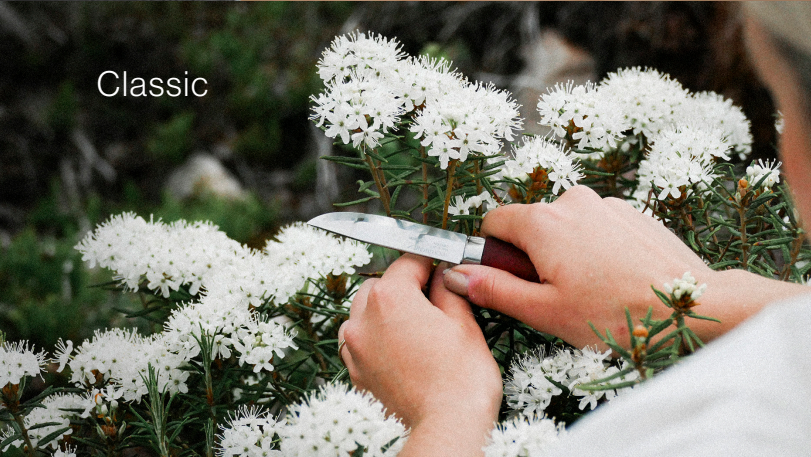

We have a wide collection of knives. Models with longer and shorter blades, larger and smaller handles, different types of steel, and other characteristics. The common denominator for all our knives is that they are developed to excel in their intended purpose.

A close-up shot of a person's hands wearing white work gloves. They are using a large, silver folding knife to carve a piece of light-colored wood. The background is a blurred natural setting.

Professional

A woodcarving knife with a smooth, light-brown wooden handle and a sharp, silver blade is lying on a dark, textured rock surface. The lighting is dramatic, highlighting the knife against the dark background.

Woodcarving

A person's hands are shown using a small, silver folding knife to carefully cut through the stems of a cluster of small, white, star-shaped flowers. The background is a soft-focus natural setting.

Morakniv Scout 39

Ever since they were first introduced almost a hundred years ago, the characteristic Scout knives have been a popular entry-level knife for the little adventurer and a door opener for a richer outdoor life. In Scandinavia, the Scout knives have long been an obvious part of childhood when the first Morakniv created unforgettable memories through adventures that followed.

Morakniv Classic

Morakniv Classic collection is a true story. It is our tribute to the Swedish handicraft tradition that we have been part of for over a century. The Morakniv Classic carbon knife with the characteristic barrel-shaped, red-stained birch handle was first introduced around one hundred years ago with the ambition to portray an exclusive mahogany knife.

In the decades since, it has grown into one of the most beloved lifestyle knives in the world - a timeless Morakniv in its purest form. Generations of woodcarvers, carpenters and craftsmen have been using, personalizing and improving the knives ever since. Making it a part of their past memories and an indispensable part of their future.

This brings our collection of Morakniv Classic knives to the table, ready for a new era with hopes of memories still to be made.

Morakniv Garberg

Morakniv Classic

Made in Mora, Sweden

Morakniv has been part of the Swedish handicraft tradition since 1891. The knives are made at our factory in Mora, Sweden with the traditions and knowledge that we have gained over the years. Each knife is manufactured to the highest standards and will last for a lifetime.

Morakniv has been granted a Royal warrant of appointment by His Majesty the King of Sweden, and is a proud purveyor to the Royal Court of Sweden.
